## PERSONAL STATEMENT

Art is a creative outlook for expression, information, and celebration! My favorite media to use are pen, pencil, and marker on paper and Illustrator and InDesign on the computer. Adaptable and open-minded, I value harmony, wholeness, and inspiration both in the workplace and in the world at large. Let's strive for excellence together!

## EDUCATION

Graphic Design (Aug. 2019 – May 2023) | John Brown University, Siloam Springs, Arkansas  
GPA 3.85, graduated with Magna Cum Laude honors

## SKILLS

- **Branding:** banners | booklets | brochures | business cards | folded cards | envelopes | logos | stickers
- **Fine Arts:** illustrations | paintings | prints
- **Digital Arts:** brands | posters | typefaces
- **Adobe Illustrator:** vector art, layout design, digital design
- **Adobe InDesign:** typography, layout design, print design
- **Adobe Photoshop:** digital photographs (cohesion across all images)
- **Adaptability:** changing direction and implementing feedback as needed | flexible, open-minded
- **Team Collaboration:** coming together as a group to work toward a common goal | listening, intentional
- **Multitasking:** shifting among multiple projects in a day | creative, flexible, intentional, motivated

## WORK EXPERIENCE

Graphics Intern | John Brown University, Siloam Springs, AR  
(May – Aug. 2023; 4 months)

I'm grateful for JBU letting me work with them as a Graphics Intern. My supervisors and coworkers were thoughtful, constructive, and friendly. Primarily, I designed and edited the majors brochures for prospective students and their families. Other projects included creating various printed material and editing and voting on logos (see Branding under Skills). One time, when work was slow, I asked to help with more projects which they provided. We engaged in meetings twice a week with brief Bible studies on Tuesdays and the occasional game-lunch on Wednesdays. Overall, I had an awesome experience working alongside them and would love to do similar work in the future.

Cashier/Cold-Team Member | Freddy's Frozen Custard & Steakburgers, Broken Arrow, OK  
(June – July 2021; 2 months)

As a Cold-Team Member, I cashiered up front and at the drive-thru, assembled custards, and restocked custard toppings and malt syrups. I had also memorized most of the menu for swifter cashiering. In addition, I cleaned everything: counters, doors, floor, some machine parts, tables, trays, and windows. This job taught me to work as a team, to be flexible on switching tasks as needed, and to keep learning.

## ACHIEVEMENTS

Third Place at a Collaborative Design Contest – John Brown University (April 2022) for a multidisciplinary design project.  
First Place and Second Place Ribbons – Tulsa State Fair (Sept. 2017) for oil and multimedia paintings.
