Philosophy Statement

Adaptable and open-minded,
I value harmony, wholeness,
and inspiration in the workplace
and in the world at large.

Design Statement

Art is a creative outlook for expression and celebration! I like to respect the unique look and feel of each project. My favorite media to use are pencil, pen, and marker on paper and Illustrator and InDesign on the computer. There is a freedom in art that I want to share with others, inspiring fellow creatives through meaningful artwork.
